

10 September 2025

COMMUNITY NOTICE

You're invited to help shape the future of John Street in Camden.

Camden Council is excited to publicly exhibit:

- draft precinct plans for the **John Street Upgrade Project**,
- the draft **Signage and Wayfinding Strategy**, and
- a draft concept design for the **27 John Street site**.

Thanks to \$23.1 million in funding from the NSW Government's Western Sydney Infrastructure Grants Program, we have developed draft concept designs based on community engagement undertaken in June 2024, with the aim of creating a safer, more inclusive, and pedestrian-friendly environment that invites people to linger, connect and explore.

This is a transformative initiative aimed at enhancing Camden's civic and cultural heart while preserving its unique heritage and character.

Your feedback is vital to shaping a John Street that reflects the needs and aspirations of Camden's community.

Here's how you can get involved

- Read the associated draft documents, designs and plan online or at Camden Library (a brief summary is provided over the page),
- Scan the QR code to visit the project website at www.yourvoice.camden.nsw.gov.au/camden-town-centre/john-street
- Share your feedback online at Your Voice Camden, write to Camden Council or email mail@camden.nsw.gov.au **by 29 September 2025**.

Should you require any help with making a submission about any of the exhibition items or have enquiries, please contact the John Street Project Team at mail@camden.nsw.gov.au or telephone 13 22 63.

Thank you for being part of Camden's future.
